

# STATE OF CONNECTICUT

## PUBLIC UTILITIES REGULATORY AUTHORITY

Did you know that customers of Eversource and United Illuminating can choose their electric supplier?

Staff from the Public Utilities Regulatory Authority can explain the process and provide information about the information on your electric bill, how you may reduce your monthly electric bill by switching suppliers and whether choosing a supplier is right for you.

The PURA does not work for Eversource, UI, or suppliers; we work for you, Connecticut's ratepayers.

### WHEN:

Friday, March 31, 2017 at  
12:30 p.m.

### WHERE:

Newtown Senior Center  
14 Riverside Road  
Sandy Hook, CT

### PURA's presentation will cover:

- Where to find information about choosing an electric supplier;
- New information provided on the first page of your electric bill;
- The opportunity to lower your bill;
- How to block supplier switching;
- Being cautious in this market, and more.

*We encourage you  
to bring a recent  
copy of your  
electric bill and  
speak with one of  
PURA's  
representatives.*
